CITY TAX LEVY FIXED AT \$1.85

Council Refuses to Make Women Pay Poll Tax—City Assessment \$4,439,010

The tax levy of the city of Richmond for the current year was fixed the same as last year at the regular meeting of the city council Thursday evening—\$1.85 on each \$100 worth of property. Of this amount 72 cents goes to the school fund; three cents for the school board sinking fund; 35 cents for the street and sewer bond sinking fund and 75 cents for the general purpose fund of the city.

The poll tax was fixed at \$1.50 on each male citizen. A question was raised as to whether the good women might have poll tax to pay since they have obtained voting citizenship. Attorney A. R. Burnam, who was present, examined the statutes as affecting charters of fourth-class cities, and gave it as his opinion that only male citizens could be forced to pay a poll tax, so the tax levy ordinance was drawn to conform accordingly.

The report of City Assessor Trim Deatherage as read by the Mayor shows that the assessed valuation of city property in Richmond subject to taxation as \$4,439,010. This figure will be increased by about \$200,000 by the Board of Tax Supervisors. Mayor Evans said that Mr. Deatherage had expected. Mr. Deatherage is ill at his home and tax supervisors will meet there to go over the tax books.

Reports of city officials as read by Clerk Blanton showed collection of \$103.79 by City Tax Collector Jesse Dykes in May. Police Judge G. Murray Smith reported fines to the amount of \$623 and 60 days in jail imposed during the past month and Chief of Police Claude Devore had his check attached to his report for \$134 collected during the month from fines, etc.

The occupational tax or license ordinance was read and after several amendments was adopted by unanimous vote.

An ordinance ordering concrete sidewalks put down on the west side of Aspen avenue and out West Main street met with considerable opposition, and was referred to the street committee to investigate and report at the next meeting.

Councilman Golden, of the Sewer Committee, reported that Col. Creel had been here and examined the sewer emptying on the property of Judge E. C. Million, and had given plans for its extension. Mr. Golden said they were waiting on Mr. Forbes to survey for the extension, and for pipe and hoped to have it finished as quickly as possible. It was stated that Judge Million had offered to loan the city money to finish this sewer without interest until taxes are collected.

He also reported about a sewer on Water street which is too low to connect with the trunk sewer.

Attorney A. R. Burnam asked the Building Committee to pass upon a project by Mr. Columbus Frazier to the erection of its tanks on a lot belonging to the railroad near him. He pointed out that permit was granted some time ago for the Indian Refining Co. to build these tanks, etc., and merely wanted the council to say what it is going to do. The committee promised to investigate Friday and report at once.

Mr. Burnam also reported on behalf of the School Board how a miscalculation last year had caused the School Board to have a \$5,000 deficit. He said that the board had underestimated the return from the taxable property, expecting \$42,000, whereas they had only received \$34,900.

George L. Martin was granted a permit for his poolroom on East Main street.

A permit was granted at the request of Rev. J. W. Broadbent for the erection of a new colored Baptist church, to cost about \$30,000.

Councilman Allman called attention to the fact that no improvement had yet been made of pavement conditions on Irvine street from First to B streets, and the city clerk was instructed to notify John Taylor's heirs, Mrs. Hanger and Miss K. V. lights.

Virgil Highland Dead From Accident

A telegram reached Mr. and Mrs. Marcus Highland bearing the sad message that their son, Virgil Highland, had died Saturday morning from an accident which he suffered while serving in the army. The message said that Robert Highland, a brother of the deceased, will leave Louisville Saturday morning with the body and will arrive here tonight. Young Highland made his home in Richmond for many years where he has a large number of friends who are extending their sympathy to the bereaved parents.

WEAR BADGES OF 'POLICE PROTECTION'

(By Associated Press)
Tulsa, Okla., June 3.—Tulsa took on a formal appearance today. Hundreds of negroes were on the streets wearing badges inscribed "police protection." Others were at work in hotels, stores and other business places. Martial law greatly modified, remained in effect, however. A real estate committee began to determine the damage from incendiary fires which is unofficially estimated at a million and half dollars.

Those who lost property have been asked to list it with the committee.

PEACE RESOLUTION OUT IN THE HOUSE

(By Associated Press)
Washington, June 3.—The House Foreign Affairs Committee, with democratic members dissenting, voted today to report the Porter resolution for termination of a state of war between the United States and Germany and Austria-Hungary.

Earl Huntman Dead

(By Associated Press)
Scottsville, Ky., June 3.—Earl Huntman, long prominent as a western Kentucky Republican leader and pioneer in the development of the Allen county oil fields, died here last night after a lingering illness. He was a clerk in the auditor's office during the Wilson administration and later state revenue agent, a member of the legislature from Allen county for two terms and in 1915 the unsuccessful Republican candidate for clerk of the court of appeals.

ABERG TO MEET LOUISVILLIAN

Fred Aberg, the Polish middleweight champion wrestler, who has been pleasing the fans nightly at the Miller carnival, will meet a real antagonist Saturday night. Hearing of the mighty Pole's prowess, backers of "Railroad" Rount, of Louisville, who claims to be the bear in his class, wired the local boys challenging the Pole. An answer was wired back quickly, and Rount will come for a finish match with Aberg here Saturday night at the carnival. Wrestling fans from all over this section are expected to be on hand, for since coming here by his gentlemanly conduct and good sportsmanship, and the local boys will all be rooting hard for him.

MR. PALMER TALKS ON ENFORCING PROHIBITION

Anti-Saloon League Head in Kentucky Thinks it is Enforced as Well as Older Laws

(By Associated Press)
Louisville, Ky., June 3.—Prohibition laws will be enforced even though their enforcement apparently received a temporary setback recently through limiting the number of enforcement officers because of lack of funds, in the opinion of N. A. Palmer, president of the Anti-Saloon League of Kentucky. High minded citizens will see that the use of liquor will be restricted, he said.

In this connection Mr. Palmer today gave out a statement in which he declared that although the prohibition law is young, it is being enforced just as well as many older laws. He declared that within a dozen years or more, the present day opposition to the law on the part of some persons will have disappeared and the younger generation of people in the main, will forget about liquor.

"Probably no question concerning civil government, state or national," said Mr. Palmer's statement, "is asked by more people or asked oftener than the question 'Can the prohibition law be enforced?'"

"To no small degree this question may be answered by asking other similar questions about those things concerning which we have more experience and extending through a longer period of years. Let us ask therefore, whether the laws prohibiting theft and murder and adultery can be enforced. Can the law prohibiting one from setting fire to the home or barns or business properties of another be enforced?"

"Can the law prohibiting one from buying goods from the merchant or provisions from the grocer or livestock from the stock grower or from the shipper without being required to pay the price of the purchase? Can the law compelling a man to keep a contract of any kind in any line of business be enforced?"

"Can the law be enforced prohibiting one from selling opiate or other stimulants except through government shall have first granted him the privilege to do so under stated restrictions for certain purposes and under certain conditions?"

"Can the law prohibiting a man from taking the wife of another be enforced? Can the law be enforced prohibiting a man from having more than one wife, or a woman from having more than one husband?"

While these and almost unnumberable other legal prohibitions have been on the statute books of states and nations through many centuries, there is not one of them but is violated.

"All the arguments that need to be presented to prove the possibility of enforcing the prohibition law is that when the 'topers' and 'sots' that were created during the years of the legalized liquor traffic shall have had time to sober up, or die from the use of the illicit liquors, and a new generation shall have taken their place, the law prohibiting the manufacture and sale of intoxicating liquors will then be enforced as well as most of the almost innumerable other prohibition laws which touch upon every phase of human life and human activity, many of which are not as well enforced as those prohibiting the liquor traffic."

"If the genuine law abiding citizens of Kentucky and of the nation will be true to the constructive government forces and the government will respond to that spirit by faithfully and conscientiously performing all the functions of true government, remembering that all these prohibitions in our statutes are not primarily prohibitions to those who would do wrong, but that first of all and above all and over all they are the outstretching hand of friendly constructive government to protect and encourage and help those citizens who obey the law and who seek to live correct lives and thereby make life worth while to themselves and to all true citizens."

"In the light of all this let us ask again the question, 'Can the

Sullivan To Assist McDermott In Reminiscences of Prominent Men

Ex-Lieutenant Governor E. J. McDermott, of Louisville, has written J. A. Sullivan that he has finally yielded to the solicitation of his friends throughout the southern states and will write a book of his reminiscences of people, occasions and so on, mainly of the members of the bar and bench, and public men of Kentucky whom it has been his pleasure to come in contact with, or to have known in his busy life.

He is one of the most eloquent, accurate and honorable writers as well as orators of Kentucky, and it goes without saying that any book he may write will be widely read, be most interesting, as all his speeches and magazine articles have been.

He has written Mr. Sullivan to prepare for him, at his leisure, information on the life of Gov. J. B. McCreary at home among his fellow citizens and at the bar; also of Major C. F. Burnam (with whom he served in the Constitutional Convention of 1890); also facts concerning the life of John C. C. Mayo and the life of Rufus H. VanSant, and Mr. Sullivan has agreed to do so.

Gov. McDermott has written Mr. Sullivan that he will pay him this summer a visit to be longer than his visit to him last summer.

THREE ORDERS TO HONOR BROTHERS

Memorial services in honor of their dead brothers will be held here Sunday by three of Richmond's fraternal organizations, the Red Men, Odd Fellows and Knights of Pythias. The services will be held at the First Presbyterian church at three o'clock on Sunday afternoon. The members of these three great orders will meet at their halls and march to the church in a body and after services there will a march to the cemetery. Hon. Augustus J. Bizot, of Louisville, will deliver the address at the occasion. A beautiful musical program has also been arranged. A full program will be printed in the Daily Register Saturday.

JUDGE RICE FOR CITY ATTORNEY

Judge H. C. Rice, one of the best known attorneys and citizens of Richmond today, authorized his announcement as a candidate for the Democratic nomination for City Attorney of Richmond, subject to the primary on August 6th. Judge Rice has served in other positions of responsibility before and has always done his duty to the very best of his ability. He has many friends all over the city and is highly esteemed and respected.

OTIS TEATER IN RACE FOR MAGISTRATE

Otis Teater, a prominent and well known farmer and democrat of the Million district, today announced his candidacy for Magistrate from the 8th district of the county. Mr. Teater issues a frank statement to the voters of his district, in which he pledges himself to work for their best interests. In his announcement he says:

"I feel this is Poosy's time, as Poosy hasn't had a magistrate elected for over 30 years. I believe that entitles me to the nomination. I am a young farmer, only 27 years of age, but I think I am fully competent to discharge the duties of a Justice of the Peace. If elected I will do all in my power to get our just share of the road taxes expended on our roads for this district. Your support will be greatly appreciated."

prohibition law be enforced? And we unwaveringly answer yes, by the co-operation of the law abiding citizens, in the effort to elect people of honor to public office, prohibition of the liquor traffic and will be as well enforced as most of our laws and decidedly better than many of our laws are now enforced."

Weather For Kentucky

Thunderstorms this afternoon or tonight; cooler tonight; Saturday generally fair and cooler, except probably showers in southeastern portion.

LOUISVILLE KILLER GIVES HIMSELF UP

(By Associated Press)
Louisville, Ky., June 3.—Walter P. Stamp, Louisville real estate dealer, who shot and killed W. Smith Russell and wounded Russell's wife on Third street, here Wednesday night, walked into the police station today and surrendered.

"I've come to give myself up," said Stamp as he stepped into the detective's office. To Chief of Detectives DeForrester he asserted, "I didn't do this; they've got me wrong." Stamp was indicted on a charge of murder today on the testimony of Catherine Russell, aged five, daughter of the slain man. He was also indicted for wounding Mrs. Russell and firing at Catherine, all of whom were occupants of the automobile the night Stamp is alleged to have driven up in another machine and opened fire.

D. Y. Stamp asserted today he would employ counsel to defend his brother, who, he indicated, had been goaded into the shooting.

TURKS MASSACRE MANY CHRISTIANS

(By Associated Press)
London, June 3.—The Athens correspondent of the Exchange Telegraph, says it is reported from Constantinople that frightful massacres of Christians have occurred at Trebizond on the Black Sea coast of Armenia. It asserts the streets are strewn with bodies of Greeks.

Red Players Want Club to Retain Heinie Groh

Cincinnati, June 3.—Members of Cincinnati National League team are besieging the management not to trade Henry Groh, holdout third baseman who signed a contract, and they planned to meet Groh to urge him to change his mind about refusing to play with the Reds.

The players are jubilant over the possibility of the return of "Greasy" Neale to the team. The Philadelphia team has asked waiters on Neale, and the Reds have claimed him. It may be stated with authority that Groh may be traded to New York for several players and money. In case Neale is secured for the Reds, Charley See will be taken from the outfield and placed on the pitching staff.

Candidate, Campaigned in Wheel Chair, Dead

Wickliffe, Ky., June 3.—Jacob Corbett, who ten days ago from a wheel chair was making a campaign for the nomination for representative in the state legislature, died at his home after an illness of a week.

His lifelong ambition had been to represent Ballard and Carlisle counties in the General Assembly and he had decided to make the race despite the fact that rheumatism for a number of years had robbed him of the use of his limbs. He was 64 years of age and was known throughout the western part of Kentucky.

C. M. Canfield is right up to the minute with his taxi line. Realizing that a large number of people who are not fortunate to own a car, would like to go to Boonesboro for a Sunday outing, he has arranged to run his large Reo bus and from this popular summer resort during the season at a small charge for the round trip.

OLD MAN BAILEY FLEES FROM KNOX

When He Hears Six Whites Are Waiting for Him—Says He Has Not Been in Feud

Louisville, Ky., June 3.—Fleeing from his home in Knox county when brought the news that six members of the White clan were lying in wait for him armed with rifles in a hollow near his home, W. M. Bailey, father of John Bailey, who killed Beverly White, of Woodford county, near Barbourville, came to Louisville Wednesday to visit his son, held for safe keeping in jail here, and returned last night to another part of the mountains to be with his other two sons. He has abandoned his home, he said, through fear of White's friends, his wife going to the home of relatives, and before he left Barbourville, he said, the County Judge ordered warrants issued for six members of the White clan.

While here the elder Bailey asked The Times to deny published reports that he or his boys or any of the Baileys ever engaged in the Bailey-White feud.

"That ended when my boys were babies," he said. "I lived all through it and knew them all, but my boys don't know anything about it. We are no kin to the Bakers or Philpots. It was printed that Bev White killed Tom Baker and that he was kin to us. That's not so at all."

"The whole trouble with the White family began in 1915 when my boy, Bev Bailey, killed Letch White and Perry White, Bev White's nephews. Perry White was killed by accident; a stray bullet hit him. Letch White wounded Bev five times. He was acquitted on the grounds of self-defense and that was up in my home county of Clay too. My boy, Jim, was arrested then, too, but he was acquitted."

"John is a good boy. He never drew blood out of a man before in his life. He has never been in any fights or any trouble. He'll take a drink maybe, or shoot a little crap, like any boy, but he's a good boy."

"Then they say that John ran away. He never did run away, but stayed right there all the time until they took him to Harlan jail. I saw and talked to Bev White half an hour before he was killed. Then me and my other two boys went over to a lawyer's office. We left John sitting in the train."

The elder Bailey pointed to the fact that his son did not flee Mr. Vernon during a wholesale jail delivery there as evidence that he did not fear the consequences of the killing and as an argument that he should be given bail.

"He'll be right there when the case comes to trial," he said.

The elder Bailey is a typical tall, stoop-shouldered mountain man. Members of the White family have heretofore denied that the killing was a feud growth.

Warrants For 6 Issued

Barbourville, Ky., June 3.—Warrants have been issued by County Judge Jesse Tuggle and sent to Clay county charging John G. White, Jr., and Will White, of Clark county; Jim Stivers, Chas. and Will Holland, and Don Reid with confederating and banding together. The warrants were issued on affidavits by Wm. M. Bailey and his son, James Bailey, accusing the men of having lain in wait for them with high powered rifles.

FRED ABERG, OF POLAND,
one of the features of the International Athletic Arena, at the Legion Carnival all this week. He issues a challenge to any wrestling aspirant or champion.

One of the big and popular features of the Miller Bros. Carnival which is being put on by the Legion boys here this week, is the athletic arena. Fred Aberg, the Polish middle-weight champion, has issued a challenge to all comers to wrestle him to a finish. Mat Baxter, the local middle-weight champion, put up a great battle against the mighty Pole one night this week in the Greco-Roman style, which handicapped Baxter considerably. Aberg threw him after 16 minutes of hard work with a reverse headlock. Now Baxter has challenged Aberg for Thursday or Friday

night to wrestle catch-as-catch-can, and he believes he will have better success. Aberg accepted so the men will meet at 8 o'clock at the athletic arena. If Baxter can throw him, Aberg has agreed to forfeit 50 per cent of the gate receipts or a fine diamond ring, and the local boy, who has a host of loyal supporters always, on hand to root for him, is going to put up the battle of his life to "take" the Pole who says the challenge is open to anyone else as well as Baxter. Aberg is a veteran of the world war, and is proving very popular with his show here.

Fun-Maker Extraordinary at Chautauqua

Ralph Bingham, one of America's greatest fun-makers, will be a notable attraction at the coming Redpath Chautauqua.

Before the public since he was six years of age and having appeared in

RALPH BINGHAM.

over ten thousand performances, his name has become almost a household word, and few entertainers have ever won such an enthusiastic following in city after city.

Ralph Bingham's versatility excites the wonder of any audience. He is a fine pianist, an excellent violinist, a unique impersonator and an unequalled story teller. A combination of these gifts is used to excellent advantage on his Redpath programs as well as on the records which he makes for the Victor.

The success of his stories is in himself; he laughs and the contagion of his jollity is irresistible. Nevertheless Mr. Bingham's subject matter is of the highest type, and his inspiration and value is of the best.

Notable Lecture-Recital
At Redpath Chautauqua.

WALLACE BRUCE AMBARY.

Wallace Bruce Ambary, poet and interpreter, will give a delightfully unusual lecture-recital at the coming Redpath Chautauqua. His subject will be "James Whitcomb Riley, Poet-Seer of Lockebie Street."

With the spirit of a poet and the keen insight of the interpreter, Mr. Ambary renews for his audiences the elusive charm and wholesome humor of the beloved Riley. All the whimsicality of Riley and his keen, understanding large-heartedness are drawn with fidelity, brilliance and sympathy in Mr. Ambary's interpretations.

SUCH IS LIFE

"Eighteen years ago I had three ribs broken 14 years ago my right leg, 11 years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended Mayr's Wonderful Remedy, which helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry & Son, and druggists everywhere.

Harold Ayres, Violinist,
at Chautauqua.

HAROLD AYRES.

Harold Ayres, violinist with the Mercer Company at the coming Redpath Chautauqua, is a young artist who has been accorded most enthusiastic receptions in both Chicago and New York. On his debut in Chicago, with the Chicago Symphony Orchestra, critics united in praising the surprising maturity and experienced musicianship of Mr. Ayres.

He produces a full round tone of peculiarly lovely quality and interprets his numbers with taste and originality. Mr. Ayres holds a firm place in the front ranks of the younger violinists of today.

Who Said Prohibition?

They say this town's as dry as snuff. Not a drop to be found. Yet when the moon lights up the town There's moonshine all around. No need to call the cops. Detective Loose to
Lecture at Chautauqua.

HARRY J. LOOSE.

Harry J. Loose, who will lecture to Redpath Chautauqua patrons here on "Crime—Its Cause, Practice and Prevention," has had a remarkable career as a detective. He served on the famous Pinkerton force, and made intensive investigations for corrective legislation for the Juvenile Protective Association of Hull House, Chicago.

Later, on an assignment for the Chicago Council Crime Committee, he collected and produced evidence that proved the existence of the "System" in crime.

The Loose lecture is thrilling, constructive and of practical value to every community.

Mercer Company Will Be a Redpath Chautauqua Feature

HARRY YEAZELLE MERCER.

On the third day of the coming Redpath Chautauqua the management offers an unusually interesting recital by the artists of the Mercer Company.

Harry Yeazelle Mercer, well-known tenor and feature artist of the company, possesses a voice of remarkable sweetness, clarity and power. His singing, whether in ballads or in operatic arias, displays intelligence, art and a sympathetic warmth that completely captures the hearts of his hearers.

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1859
Began the manufacture of his famous
prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest
selling liquid laxative in the world, long past
Biblical old age, but hale and hearty—Still
sees patients daily—Wonderful achieve-
ment of a "country doctor."

WHEN I started to practice medicine, back in 1875,
there were no pills or tablets or salt waters for
the relief of constipation, and no artificial
remedies made from coal tar.

The prescription for constipation that I used early in
my practice, and which I put in drug stores in 1892 under
the name of Dr. Caldwell's Syrup Pepsin, is a liquid
remedy, and I have never had reason to change it. I
intended it for women, children and elderly people, and
these need just such a mild, safe, gentle bowel stimu-
lant as Syrup Pepsin.

I am gratified to say that under successful management my
prescription has proven its worth and is now the largest selling
liquid laxative in the world. The fact that over eight million
bottles were sold by druggists last year proves that it has won
the confidence of mothers whose chief interest is the health
of their children.

It is particularly pleasing to me to know that
the biggest half of those eight million bottles were
bought by mothers for themselves and the chil-
dren, though Syrup Pepsin is just as valuable for
grownups. The price of a bottle holding 50 aver-
age treatments is sixty cents; such a bottle will
last a family several months.

I have never made a secret of what is in Dr.
Caldwell's Syrup Pepsin. It is a compound of
Egyptian Senna and other simple laxative herbs
with pepsin and pleasant-tasting aromatics.
These ingredients are endorsed in the U. S.

FORCED TO GIVE UP RAILROADING

George Sharpe Says He Was In
Bad Shape Before Taking
Tanlac—Feels Fine Now

"My health got so bad I had to
give up railroading but since tak-
ing Tanlac I could fire an engine
as good as any man on the C. &
O.," said George P. Sharpe, 1628
Tremont st., Fairmont District,
Cincinnati, O., a valued employe
of the Lukensheimer Co. Mr.
Sharpe was formerly with the
Chesapeake & Ohio railroad for
seven years.

"About four years ago I had an
operation which finally resulted in
a general break down. I got to
where I couldn't eat anything
without bloating up so bad I
could hardly breathe, and the con-
stant jolting of the engine almost
put me out of commission. My
nerves gave way. I could hardly
stand the noise of the train, and
sleep was next to impossible for
me. I fell off a great deal in
weight, and had so many dizzy
spells I could hardly stay on the
job. Although I tried medicine
after medicine, nothing did me
any good, so about six months ago
I had to change to lighter work."

"But I don't believe I could
have held out at this long if I
hadn't got better. But Tanlac
helped me right from the start,
and it wasn't long before it had
my stomach working fine, just
like the old engine I used to fire.
I eat anything I want and noth-
ing gives me the least trouble,
and my nerves are in such good
condition. I sleep like a log every
night and get up mornings feel-
ing fine. In fact, I am again in
perfect health, just as strong and
well as I ever was and I want to
say Tanlac is what fixed me up. I
wouldn't think of being without
it."

Why the McCormick Mower is Dependable

A BREAKDOWN during the rush time
of the haying season often means
considerable loss to you. It may delay
your cutting so that your hay becomes
over-ripe and loses part of its nourishment,
or it may prolong the haying season until
wet weather destroys a part of its feeding
value.

There's mighty little danger of break-
downs when you buy a McCormick
mower. It has no unnecessary parts to
wear out and give trouble. It has less
parts than any other mower. For years
and years the McCormick has been cele-
brated for its simplicity and durability.
It has given satisfaction to thousands of
hay growers. What it has done for others
it will do for you. Come in and let's talk it
over.

consternation of all the guests,
the fright of the bride at this wild
interruption, the indignation of
the groom? Yes, Frederick Vroom
as the Southern General, true to
the traditions of a country which
places the honor of its women
above all else, was compelled to
this act of cruelty.

He had just received a stolen

McGAUGHEY.

An Interview With Col. H. C. Whitehead, Remount Service, U. S. A.

"Despite our present-day motor-driven vehicles and trench warfare, the ratio of horses to men for the Allies was as one to four against one horse to each 3 1/2 men during our own Civil War. And had the former conflict lasted a few weeks longer, the shortage of horses would have been woefully acute. The broad plans of the American Remount Association for selective breeding are, therefore, an important link in our chain of national defense."

The above is a statement by Col. H. C. Whitehead, of the U. S. Remount Purchasing and Breeding Service.

"NICK" the Quarter Stallion

Seen at his headquarters in Lexington, Colonel Whitehead vouchsafed other highly enlightening information, not only about the breeding work in progress, but also of the utility of the thoroughbred horse; the intimate relation between racing and the maintenance and improvement of the standard of blood lines and the importance of the thoroughbred to the State of Kentucky in particular.

"The immediate concern of the American Remount Association," he said, "is to save riding and driving horses and the high-class race horse from extinction. We want to produce a truly American type of cavalry horse—a horse with breeding and quality, as well as bone and substance—a weight-carrier and the best general purpose horse known—a horse that will weigh from 1,000 to 1,250 pounds, standing from 15 hands, 1 inch, to 16 hands, tight made, with good gait and action—a walk, trot, gallop horse that can carry weight and follow the hounds across country—that the family can drive to church, and also one that can hold his own at hard work on the farm—a horse that can be used to advantage and economically any and everywhere, except in heavy draft."

"This type of horse has splendid looks, quality, action, and vigor—a wonderful all-purpose horse for the farmer and one that can be kept at a minimum cost."

"Almost every commercial and military use will be met by the progeny of this breeding plan, dependent primarily upon the size, quality and blood lines of the mares used in breeding."

"Among the stallions to be placed throughout the United States this spring will be over one hundred head of high-class registered thoroughbreds—big horses, with plenty of body, bone and substance. These stallions, placed in the stud through Government agencies, will be available to farmers and breeders at a minimum fee. The Government does not expect to make money, but to make it possible and feasible for the farmer and breeder to get the service of a high-class, approved stallion for their good mares; the object being to produce animals of real value and use that will earn their keep—bring a handsome profit when mature. We expect the progeny at maturity to make general-purpose horses—cavalry horses, riding and driving horses, show horses, hunters, race horses, polo ponies, depending

largely upon the mares selected for breeding and the care selected in rearing colts. They will belong to the breeder—the Government will have no strings on them. The owner will be privileged to sell them to whomsoever he pleases at any time. They will be horses admirably adapted to work in both peace and war times.

"But the Government will depend upon them for its supply; and the importance of the horse to the modern army is to be fully realized by the comparison of figures already cited pertaining to the use of the horse in the last great war with those of his use during the Civil War."

"As regards thoroughbred horses racing, every practical horseman knows that it is, first and foremost, vitally necessary in order to test the quality of individual horses—it is the final acid test that goes to measure their value for breeding purposes, and is thus decisively instrumental in the work of preserving and improving the thoroughbred horse as the race up on which depends the preservation and improvement of all our other kinds of horses and mule mares."

"Meanwhile, the evolution of thoroughbred horse racing has given the world a great out-of-door sport—one that the world truly enjoys, if the attendance at our metropolitan race courses may be taken as evidence of popularity, and which, wherever properly conducted, is assuredly healthful and innocuous, insofar, at least, as concerns its effects on the great majority of normal-minded citizens."

"The State of Kentucky is immensely the richer for her industry of breeding thoroughbred horses and its concomitant seasons of racing. Millions and millions of dollars are invested in property throughout the state as a result—nor is this taxable wealth confined to the holdings of millionaire enthusiasts whose establishments are located in the Bluegrass District, by any means."

"Many a Kentucky farmer is also a breeder of the thoroughbred—and often the male of a colt or filly nets him more than the products of a season's work on the farm."

"Undoubtedly the sport of racing thoroughbred horses is a tremendous business asset to the state. Facts such as, I daresay, the Kentucky Jockey Club readily can adduce in this connection very well might astound Kentuckians who have never considered the subject in its substantial and material aspects."

WHAT BOLSHEVISTS PLAN FOR CHILDREN

(By Edgar T. Higgins)

New York, June 3—Several documents taken from official Bolshevik publications, describing the conditions under which children are living in Russia under the Bolshevik regime are made public by A. J. Sack, director of the Russian Information Bureau, in the United States, representing in this country the Russian democratic and anti-Bolshevik forces.

The Bolshevik program with regard to the children of Russia was formulated, according to Mr. Sack, by the Commissary Liliina at the conference on public education held in Moscow. The official magazine of the Commissariat of Public Education, Narodnoye Prosveshcheniye (popular education) No. 4, quotes Liliina as saying at this conference:

"We have to create out of this generation a generation of Communists. We must make real, good Communists of the children, for they, like wax, are easily moulded. We must remove the children from the pernicious influence of the family. We must register the children, or let us speak plainly, nationalize them. Thus they will from the very start remain under the beneficial influence of Communist kindergartens and schools. Here they will absorb the alphabet of Communism. Here they will grow up to be real Communists. To compel the mother to surrender the child to us, to the Soviet state, that is the practical task before us."

Thus Soviet institutions for children were established. The report of the Soviet Inspection for February, describing one of these institutions, the Rozdestvenskaya nursery in Petrograd, says:

"The children, left to their own devices, under the supervision of experienced and rough-spoken nurses, with filthy clothing, pale from lack of sufficient nourishment, made a painful impression. The place itself, unventilated and poorly heated, fostered all manner of diseases and contributed to the exceedingly high rate of mortality among the children. In the course of three months the child population of that institution renewed itself to an extent of 90 per cent."

"In other words, nearly all of them were sent to the hospital, or having failed even to reach the hospital, they perished while still at the nursery."

The official Bolshevik organ on public health, Izvestia Zdravookhraneniya, No. 11, gives the statistical data on mortality of children in Moscow up to the age of 16 years, per 10,000 inhabitants, as follows: 1913, 81; 1915, 78; 1918, 100; 1919, 372; 1920, 400.

Analyzing the Bolshevik activities with regard to the children of Russia, the well known Russian physician, Dr. Horn, said at the Pirogoff Medical Congress in Moscow:

"I am prepared to forgive the Bolsheviks a great many things, almost everything. But one thing there is which I cannot and will not forgive them: namely, those experiments, positively criminal and worthy of the most savage tribes of the African jungle, which the Bolsheviks have been making all this time with our young generation, with our children! This crime knows no parallel throughout the history of the world. They have destroyed morally as well as physically, a whole Russian generation; they have destroyed it irretrievably, and, alas, beyond remedy."

"Undoubtedly the sport of racing thoroughbred horses is a tremendous business asset to the state. Facts such as, I daresay, the Kentucky Jockey Club readily can adduce in this connection very well might astound Kentuckians who have never considered the subject in its substantial and material aspects."

Prisoners Sang While They Sawed At Bars

Danville, Ky., June 3—Attracted by the unusual sound of prisoners singing hymns in a loud tone, Jailer Frank Timoney and deputies last night searched the 19 men confined in the Boyle county jail, took two saws from one man and found that one bar had been sawed nearly through. The men had been singing to drown the noise of the sawing. The saws were found in the possession of Jim Hicks, held for having liquor in his possession for sale and for jumping a \$4,000 bond in Chattanooga. The bar sawed was just above a shed where all prisoners could easily escape.

is the ideal cake flour. Try it with any good recipe; feel the pure white silky texture; note the small amount of ingredients it takes to bake the finest cake you could wish for.

Proper flour, having the same high uniform quality, goes a long way in successful cake making. If you are not sure of your flour, home baking is largely guess work.

Among discriminating housewives HENRY CLAY Flour has a justly earned reputation for making the finest, lightest cakes and pastries. It goes farther than any other flour, because of its high gluten content. It imparts a richness in flavor that is a revelation in tastiness. Besides, it's so easy to bake with HENRY CLAY Flour.

Madisonville, Ky., June 3.—Work on the southern section of the Dixie Bee Line road is progressing rapidly. Concrete work is being rushed by a local contracting firm which has a large force of men on the job. Three culverts have been completed and three large bridges are under way.

RED HOUSE

Mr. and Mrs. J. R. Weddle entertained Tuesday evening at a party in honor of their oldest son, Virgil's, birthday. About 50 responded to the invitation. Games and music were enjoyed and at four o'clock all kinds of fruit was passed. Also home-made candy and at 5 o'clock a contest was entered and first prize was awarded to Miss Mattie Reams and second prize was given to Miss Virginia McKinney. The hostess was assisted in entertaining by Mrs. W. H. Wylie, Misses Mary Morgan and Ella Mae McKinney. Several nice presents were received and they all left wishing him many more happy birthdays.

Mrs. J. R. Weddle has as her guest this week, her mother, Mrs. J. R. Henderson, of Lancaster. Mr. and Mrs. J. R. Weddle entertained last Tuesday Mrs. Weddle's brother Mr. S. C. Henderson and family, and the latter's sister Mrs. S. B. Jennings and two sons from Paint Lick.

WHEN EVERY MOVE HURTS

Lame every morning, stiff and achy all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use. Ask your neighbors.

Mrs. Carrie Long, 140 Tate's Creek avenue, Richmond, says: "A few years ago I was down with kidney trouble and for two months I suffered so I couldn't straighten my back or turn over in bed I was so helpless. Every time I moved the pain was so severe I would scream. My limbs and joints were stiff and swollen. I had dizzy, swimming sensation in my head and objects flashed before my eyes. My kidneys acted irregularly and although I tried all sorts of remedies I was not benefited until I was finally told of Doan's Kidney Pills by a friend. Doan's soon cured me of all signs of the trouble and I was able to do my work. My back was well and strong. (Statement given November 20, 1916).

On March 1, 1921, Mrs. Long added: "It has been a long time since I have needed Doan's Kidney Pills. Should I ever again need a kidney remedy I would certainly take Doan's."

Little Children Work for Mother's Election

(By Associated Press)

Mt. Vernon, Ky., June 3.—Anne May and Leonard Cooper, aged 3 and 5, respectively, are electioneering for mamma for county clerk. Their mother, Mrs. Leila May Cooper, a widow, is seeking the office of county clerk of Rockcastle county. In advertisements being spread over the county and through newspapers in that section the tots ask that the voters help mamma raise them. "It costs nothing but a vote," they say in their plea to the voters to be "liberal."

BAPTISTS COLLECT \$25,000,000 CASH

REDEMPTION OF PLEDGES ENCOURAGING—SOUTHWIDE PROGRAM IS LAUNCHED.

COMPLETE GREATEST YEAR

Reports to Southern Baptist Convention at Chattanooga Show Marked Progress Along Every Line of Organized Work.

DR. J. H. RUSHBROOKE
Baptist Commissioner for Europe.

Collections in cash totaling \$25,103,424.64 have been made for general causes fostered by the Baptist 75 Million Campaign since the campaign was launched in 1919, according to a report to the Southern Baptist Convention, which has just adjourned its Chattanooga session, by Dr. L. R. Scarborough, general director of the campaign, and chairman of the Convention Commission. The fact that \$12,924,943.60 of this amount was collected during the past year, under the most depressing conditions known in years, is very encouraging to the denominational leaders, they say.

Will Seek the Unsaved.

Feeling the need of conserving the spiritual interests of the people as well as the financial aspects of the campaign, the convention asked the Convention Commission to seek to enlist, through the state and association organizations, all the 27,000 local Baptist churches in the South in a larger evangelistic effort during the next twelve months, the aim being to induce as many individual members of the churches as possible to win at least one soul to Christ during the new year. Reports to the convention showed that there were 173,595 persons received into the local Baptist churches by baptism during the past year, and a much larger number will be sought during the year ahead.

Would Evangelize Europe. One of the interesting actions of the convention was the decision to back up fully the Foreign Mission Board in its program for the evangelization of the new European territory of Spain, Yugoslavia, Hungary, Roumania, the Ukraine and Southern Russia. Dr. J. H. Rushbrooke, of London, Baptist Commissioner for Europe, addressed the convention, telling how he had distributed the relief funds contributed by Baptists for the needy families of these countries and how the giving of this relief had opened wide the door of missionary opportunity.

Work on the older foreign field during the past year was unusually successful, the board reporting receipts of \$2,494,988 for its missionary operations and \$278,000 for relief work, as well as \$100,000 worth of clothing; 6,998 baptisms on the foreign fields; 187 of the 611 churches self-supporting, with a total of 405 foreign missionaries and 978 native workers employed.

Home Mission Board Active.

The Home Mission Board reported 77,072 additions to the churches through its instrumentalities, church extension operations of \$1,243,000, and 298 patients treated at the Tubercular Sanatorium at El Paso.

During the year the receipts of the Sunday School Board reached \$1,147,721.73, and the board turned back into general work of the denomination the sum of \$189,000.

Although only three years of age, the Relief and Annuity Board, which seeks to supply the needs of aged, dependent ministers and their families, has doubled the number of beneficiaries receiving aid from the denomination as well as the amount of relief given. It now has permanent resources in excess of \$500,000.

There are 119 Baptist educational institutions in the South, with a total enrollment of 40,000 pupils, the report of the Education Board showed, and 2,135 of these pupils are preparing for special Christian service, such as the ministry, missionary and other special religious work.

The Woman's Missionary Union, representing the organized women of the South, reports a total of 19,485 organized societies of women and young people, while the cash contributions by the women to the various causes fostered by the denomination during the year amounted to \$3,115,457.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind, he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. All druggists have been appointed agents for Allen-rub in this vicinity with the understanding that he will freely return the purchase price on the first two bottles to all who state they received no benefit.

DISASTROUS FIRE IN NORTH MIDDLETOWN

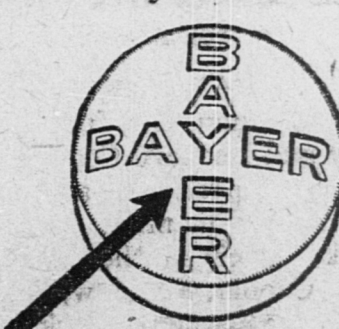

North Middletown and vicinity in Bourbon county were visited by an electrical storm on Wednesday afternoon, considerable damage being done to property in that vicinity from the rain, wind and lightning.

The large warehouse of the North Middletown Supply Company, which was owned jointly by Davis Patrick and Logan H. Bryan, was struck by lightning and completely destroyed by the flames which originated, together with all of the contents.

A large truck was burned, a Cleveland touring car, a large amount of hay, corn, oats, was burned. The warehouse was partially covered with insurance and the truck had a small amount of insurance on it but the contents were uninsured. There was no one injured with the exception of a slight shock to Mr. Bryan and Mr. James Rice and employees.
